GRANT WORKSHOP: SECURITY AND CLOUD COMPUTING

Co-hosted by IEEE CSCloud 2015/NSS 2015, New York, USA

_____✳ ✳ ✳_____

The Grant Workshop will be co-located with IEEE CSCloud 2015 on November 5th, 2015. The theme of this Grant Workshop is Security and Cloud Computing. The Grant Workshop aims at bringing together researchers, educators, and industrial partners from the Metropolitan New York Area, and spreading information about your organization's initiatives and programs. Directors of National Science Foundation (NSF) Guidip Singh and Dongwon Lee will present. The Workshop will include three tracks.

Tracks

Track 1: Computing will include but is not limited to the followings areas: cybersecurity, cloud computing, big data, cyber physical systems, IoT, heterogeneous architecture, Tele-health, and other fields related to computing.

Track 2: STEM Education and Research

Track 3: Sustainable Systems

Highlights & Location

Highlights: Directors of NSF will present.

Location: Room C-D

Schedule

9:00 AM - 9:30 AM: NYIT Provost and Dean, Open Remark

9:30 AM - 9:50 AM: Welcome Opening

> Pace University, Associate Provost for Sponsored Research, Sally S. Dickerson, Ph.D.

> Pace University, Professor, Li-Chiou Chen, Ph.D.

10:00 AM - 11:00 AM: Gurdip Singh, NSF/CNS

11:00 AM - 11:50 AM: Dongwon Lee, NSF/SaTC

_____✳ ✳ ✳_____

The workshop will be co-hosted with The 2nd IEEE International Conference on Cyber Security and Cloud Computing (IEEE CSCloud 2015) and The 9th International Network and System Security (NSS) from November 3rd-5th, 2015, at NYIT's Auditorium on Broadway, New York. These conferences target recent academic achievements in the cybersecurity and cloud computing. Contemporary cyber security techniques and tools have been developed to avoid system fragility and defend against vulnerabilities from cyber attacks. We welcome you to attend the workshop and are sure that your will enjoy building up the connections with the professionals for a group of funding agents
