Buses, other vehicles doing drop-offs and pick-ups, and those needing handicap parking should use university entrance #3 to go directly to Goldstein Fitness Center following the path on the right of the map below.

After drop-offs, vehicles must then go back out the way they came to Route 117 Bedford Rd, turn right, and re-enter campus at Entrance #2 to the main parking area.

All others can use entrance #1 or #2 and follow the left path on the map to the main parking area. It is then a five minute walk to Goldstein Fitness Center.

Directional signs, and the security guard at entrance #3, can help direct you when you arrive to our campus.
