

## Learning Outcomes

Last modified 01/27/2004 09:44:24

- You will learn about the standard Web services stack of XML, UDDI, WSDL and SOAP.
- You will experience the depth of the Java XML package, otherwise known as the JAX pack.
- You will see some real working examples of Web Services in action.

## Prof. Burns' Philosophy on Learning

2400 years ago, Confucius declared:

What I hear, I forget.  
What I see, I remember.  
What I do, I understand.

### *Translation*

When I hear, I forget.  
When I hear and see, I remember a little.  
When I hear, see and ask questions or discuss with someone else, I begin to understand  
When I hear, see, discuss, and do, I acquire skill and knowledge.  
When I teach another, I master.
