Guidelines for All Assignments

Assignments are extremely important. By completing homework assignments you will learn key concepts and discover new ideas. This is achieved by challenging yourself and attacking numerous problems.

Read the Following Rules for Assignments Carefully
(These Rules will be Strictly Enforced)

1. To be accepted for credit each assignment **MUST** have a cover page displaying the following information:

   - Your name and Student Identification number.
   - Course, Assignment type and number (e.g., CS 387 Homework #3 or CS 361 Homework #2).
   - Due Date of the assignment (e.g., September 12, 2001)
   - E-mail address

2. **Your assignment MUST be stapled or bound to be accepted for credit**.

3. Your assignment must be **typed**. Electronic assignment will be accepted only in particular cases.

4. **All assignments must be submitted on the due date during the first 10 minutes of class**. If you are unable to attend class, you may submit your assignment early to your professor. If you unexpectedly missed class, see the professor.

5. Late assignments will be accepted during the term but will be penalized. In this case the assignment must include the due date and the date actually submitted. After three days late an assignment is no more accepted. Up to 1 day late your maximum grade is 17. Up to 2 days late your maximum grade is 14. Up to 3 days late your maximum grade is 11.

6. It is much better to submit a partially completed assignment than it is to not submit an assignment at all.

7. **All assignments must be neat and legible.** Credit will not be given for components of an assignment that are sloppy or illegible.

this course. *Missing assignments*

9. **You must show all work and exp** Your approach to solving a problem you are unable to solve a problem, you couldn't find the solution. Do n

10. **It is expected that the homew** couraged to discuss the intellectual However, each individual is respons own words. All students submitting ments will receive a grade of zero ar

11. All programming assignments requir tested program. Your code must b assignments handin will be posted c

12. Solutions to assignments may be pos will be posted on the web.
